

GENESIS®

MCCD

METERING/CHROME CLEANER & DESENSITIZER FOR USE WITH CONVENTIONAL INKS

Genesis® MCCD cleans and desensitizes chrome and rubber dampening rollers all in one step.

- 1 Remove water pan level ring. Allow water level to drop below pan roller contact.
- 2 Utilize tight fitting gloves for skin protection.
- 3 Shake GENESIS® Metering/Chrome Cleaner and Desensitizer well and apply liberal amount to a damp sponge.
- 4 Apply GENESIS® Metering/Chrome Cleaner and Desensitizer with slight pressure to a slowly rotating metering roller. Turn sponge over and apply liberal amount of GENESIS® Metering/Chrome Cleaner and Desensitizer and again with pressure repeat the application.
- 5 A light film will appear on the metering and chrome water rollers after ink has been cleaned from the rollers. You are ready to replace the pan ring and print.

VOC METHOD 24:

1.6 lbs. per US gallon in concentrate

Genesis® Metering/Chrome Cleaner & Desensitizer does not contain any reportable level of SARA Title 313 or HAPS Chemicals.
